VOL. XIII. NO. 271. MARION, OHIO, THURSDAY, OCTOBER 2, 1890. PRICE 3 CENTS

CONGRESS HAS ADJOURNED.

One of the Longest Sessions On Record Ended.

THE EVENTS OF THE LAST DAY.

The Tariff Bill Finally Agreed to By Both Senate and House and Signed By the President—Other Dispatches From the National Capital.

WASHINGTON, Oct. 2.—Congress has adjourned. The last day was an uneventful one. At the morning session in the house the chaplain in his prayer referred to the approaching end of the session, and invoked the divine blessing upon the members during the vacation.

A concurrent resolution correcting the paragraph in the tariff bill referring to chocaolte was passed. The report of the committee on accounts on the investigation of the postmaster of the house was presented. It declares the office of postmaster vacant and directs the assistant postmaster to discharge the duties until another postmaster shall be elected. The report was agreed to.

Mr. McKinley called up the resolution for final adjournment, and moved an amendment to make the hour for adjournment 6 o'clock. Mr. Allen, of Mississippi, who had been denied permission to print certain remarks on the tariff in the record, raised the point of no quorum, and insisted upon it until objection to his request was withdrawn. Mr. McKinley's motion was then agreed to.

The house then resumed consideration of the Wheaton resolution, and it was agreed to.

The speaker laid before the house a letter from Representative E. H. Conger, stating that he had forwarded to the governor of Iowa his resignation as a representative from the Seventh district of that state.

The speaker further stated that he had received a substantially similar communication from Representative De Haven, of the First district of California, but that the letter had been mislaid.

On motion of Mr. Morrow, of California, senate concurrent resolution was as agreed to, requesting the president to enter into negotiations with the governments of Great Britain and Mexico with a view to securing trade stipulations for the prevention of the entry of Chinese laborers from the Dominion of Canada or Mexico into the United States.

A recess was then taken until 5:55 p. m. At that hour the speaker's gavel reconvened the house. Mr. Reed looked down on an array of empty seats, most of the members having left the hall. Speaker Reed merely stated that according to the concurrent resolution he declared the first session of the Fifty-first congress adjourned without day.

In the Senate.

WASHINGTON, Oct. 2.—The reading of Tuesday's journal having been dispensed with, Mr. Sherman offered a resolution for the appointment of a committee of two senators to join a like committee on part of the house to wait on the president of the United States, and inform him that unless he shall have any further communication to make the two houses are now ready to adjourn.

The resolution was agreed to and Messrs. Sherman and Harris appointed the committee on the part of the senate.

The senate agreed to the conference report on the bill in reference to contracts for surveying public lands. Veto messages of bills for the relief of Charles P. Chouteau and of the Portland company, and to prohibit bookmaking in the District of Columbia were laid before the senate. The senate refused to concur in the resolution to correct further the tariff bill.

At 4:57, Mr. Harris arose (Mr. Dolph being in the chair) and offered a resolution tendering the thanks of the senate to the vice president for the dignified, impartial and courteous manner in which he has presided over its deliberations.

Unanimous consent was obtained and the resolution was agreed to. A similar resolution extending the thanks of the senate to the president pro tempore, Mr. Ingalls was presented by Mr. Ransom and agreed to. Then all activity was again suspended and the senators sat about in pairs and groups talking to each other.

After a few minutes the clerk appeared with the resolution for adjournment, so amended as to make the time of adjournment 6 o'clock. On motion of Mr. Sherman this amendment was agreed to.

Mr. Sherman and Mr. Harris, the committee appointed to wait on the president, reported their duty performed and that the president had no further communication to make.

On motion of Mr. Sherman, the senate then at 5:18 took a recess until 5:50 p. m.

At 5:50 the senate was again called to order, and a message from the house of representatives was received. No other immediate attempt was made to transact business.

Senators remained in conversation or turned to their desks to put their signatures to an album which a belated page was circulating for autographs.

At just 6 o'clock Vice President Morton arose, and tapping lightly with the gavel to bring the senate to order, he said:

SENATORS: Before making the announcement that will leave senators at liberty to return to their homes, I express my most grateful appreciation of the resolution of approval and confidence with which you have honored me. Assuming, as I did, the responsibilities of the chair without previous experience as a presiding officer, it is not necessary for me to say that if I have discharged the delicate and important duties of the position in a satisfactory manner, it is due to the indulgent consideration and cordial co-operation from every senator on this floor.

I indulge in the earnest hope that I may be permitted, upon the reassembling of congress, to see every member of this body in his seat in renewed health and strength after a season of rest from the arduous labors of this, the longest continuing session, with one exception, in the history of the government. I feel that I may with good warrant congratulate the senate and the country upon the large number of important measures which have received the careful consideration of this body and become laws. It only remains for me to declare, as I now do, that the senate stands adjourned without day.

The remarks were greeted with applause from all parts of the chamber as the gavel fell for the last time this session, and the senate at 6:02 adjourned.

The Tariff Bill a Law.

WASHINGTON, Oct. 2.—The president signed the tariff bill at exactly 3:21 p. m. There were at that time gathered about him in the president's room (immediately adjoining the senate lobby) a number of the members of both houses of congress and all the members of his cabinet with the exception of Secretary Rusk, who is out of the city.

Nominations Not Acted On.

WASHINGTON, Oct. 2.—The presidential nominations which failed for lack of action by the senate number twelve. The chief of them is the nomination of William Monaghan, of Ohio, to be consul at Hamilton, Canada. Of the others one is the nomination of an army chaplain, and the others are pastmasters' nominations.

The President Invited to St. Louis.

WASHINGTON, Oct. 2.—The president yesterday received a telegraphic invitation from St. Louis to visit that city and witness the ceremonies incident to the veiled prophet celebration. Representative Neidringhaus, of St. Louis, called at the White House this morning and personally reinforced the invitation. The president did not give him a definite answer, but it is probable that he will accept the invitation, and stop at St. Louis on his way to Kansas and other points where he has engagements.

A BRILLIANT PARADE

Knights of the Golden Eagle in Philadelphia.

PHILADELPHIA, Oct. 2.—A brilliant street pageant of Knights of the Golden Eagle took place yesterday afternoon in the presence of thousands of people, who thronged the sidewalks along which the gaily uniformed knights moved in splendid array, and gave evidence of their admiration by frequent outbursts of applause. The parade was in commemoration of the fifteenth anniversary of the introduction of this popular order into Pennsylvania.

Maj. Gen. Maurice Stafford, of the Pennsylvania division of the Knights of the Golden Eagle, was at the head of the line in command.

Yesterday evening an entertainment was given at the Academy of Music, at which Grand Chief Casselberry and Sir Knight C. Oscar Beasley delivered addresses, and exhibition drills were given by the Joan of Arc phalaux, a military company of young ladies, and Company B, West Philadelphia Commandery No. 3. The program also included some fine musical numbers.

Barring Out Frozen Herrings.

GLOUCESTER, Mass., Oct. 2.—A letter from St. Johns, N. F., from the Hon. James Fox, a member of the executive council of that colony, states that the duty placed by the American government of three-fourths of a cent per pound on frozen fish wound not, so far as Newfoundland was concerned, aid the American fishermen as the government intends putting an export duty of five cents per pound on frozen or fresh fish exported in foreign bottoms. This law would prohibit the bringing here of large quantities of frozen herring by Gloucester vessels.

Seized by the Sheriff.

PHILADELPHIA, Oct. 2.—The Walter P. Wilkins company, limited, dealers in fruit and produce at Second and Collowhill streets, were seized by the sheriff on an execution on a judgment yesterday. William M. Hewitt, who gives his address as Ohio, is the preferred creditor upon whose claims the execution issued. He makes affidavit that the firm has assigned, and was about to remove its property from the jurisdiction of the court for the purpose of defrauding its creditors.

Stealing a Ride With a Corpse.

CRESTON, Iowa, Oct. 2.—A lad named Brown had a terrible experience yesterday. In company with George Mulligan, aged about 18 years, he climbed on top of a passenger train at Creston to steal a ride. While going under a covered bridge young Mulligan's head struck a rafter and he was instantly killed. His comrade held onto the body for many miles before the train was stopped and was in a pitable condition from the fright and exhaustion of his terrible ride.

Fate of Three Prisoners.

KNOXVILLE, Tenn., Oct. 2.—The supreme court yesterday passed upon the cases of the three sentenced in the lower court to be hanged, namely, Jack Staples, colored, for rape; John Burton, murderer, and Daniel Beeler, who killed Sheriff Greenlee, of Granger county. Burton was given a new trial. Jack Staples was sentenced to hang Nov. 21 here in the jail yard, and Beeler was taken back to Granger county and will be hanged Nov. 20.

Took the Money and Skipped.

LOS ANGELES, Cal., Oct. 2.—George Martin, bookkeeper and cashier, and James Dunn, collector of the Santa Fe Railroad company, have disappeared and an investigation shows that they have robbed the company of about $5,000. Both are young men, are unmarried and moved in good society.

APPEAL OF DILLON AND O'BRIEN

Their Cases Will Not Go to a Higher Court.

SO DECIDED BY JUDGE HOLMES.

The Nationalists Believe That Their Protests Will Greatly Effect Public Opinion in Their Favor—"Jack the Ripper" Again Heard From—A Frightful Holocaust in Russia—Other Foreign News.

DUBLIN, Oct. 2.—The appeal of Messrs. Dillon, O'Brien and their fellow-accused to the high court of justice for a writ to prohibit the magistrates at Tipperary from proceeding with the conspiracy on the ground of bias, has failed of its object. Judge Holmes decided this morning not to grant the writ.

No further step can be taken, it is understood, with a view to changing the magistrates before whom the hearing is to be continued, but the Nationalists feel that their protests, persistently made against being tried by magistrates whom they have reason to believe biased against them, will have much effect on public opinion. The case for the prosecution was continued at Tipperary yesterday without striking episodes.

Two Emperors Meet.

VIENNA, Oct. 2.—The Emperor of Germany arrived here yesterday. Emperor Francis Joseph, accompanied by Archduke William and Archduke Renier, met him at the railway station. The greeting of their majesties was affectionate. Among those present at the station was the burgomaster of the city, who received Emperor William's thanks for the warmth of his reception. A state carriage which was in waiting was entered by their majesties and they were driven to the hofburg. An immense crowd lined the route and the two emperors received an ovation.

Many People Burned to Death.

LONDON, Oct. 2.—The town of Drnja, a place of 1,000 inhabitants, in the government of Vilna, Russia, was destroyed by fire Saturday. The fire started at midnight and spread with frightful rapidity, many families being awakened from slumber only to find themselves imprisoned in their burning dwellings. A number of these unfortunates were unable to escape and perished in the flames.

"Jack the Ripper" Again Heard From.

LONDON, Oct. 2.—"Jack the Ripper" has sent a warning to the Whitechapel police that he is about to butcher another woman. The penmanship of the communication is precisely similar to that of the letters which it has been the custom of the officials to receive from the murderer just prior to his killing of some poor abandoned wretch of the Whitechapel slums.

Easton Pronounced Insane.

LONDON, Oct. 2.—Easton, the man who killed himself in St. Paul's cathedral during the service Sunday morning, left a letter in which he said that he would commit suicide in the cathedral in order to destroy false Christianity. The coroner's jury returned a verdict that the man was insane.

Apologized for the Insult.

BERLIN, Oct. 2.—The Reichsanzeiger says that Sir F. De Winton, governor of the British East African company, has censured Mr. Thomson, the company's official who insulted the German flag when taking possession of Vitu, and has apologized to Germany. The apology has been accepted.

Result of the Election in Greece.

LONDON, Oct. 2.—Advices from Greece state that the general elections have resulted in a victory for the government, and its policy of Russian co-operation in Turkish affairs.

UNABATED.

The Persecution of the Jews by the Russians.

Letters from Russia state that the epidemic of cruelty to the Jews continues to rage with unabated fury. The peasants and citizens, whose hatred of the Israelites is no longer held in check by the example of the local authorities, indulge in all forms of annoyance and persecution. A measure is now being framed by the minister of the interior, and will probably be approved by the czar, which will greatly add to the misfortunes of the Hebrews.

It provides that persons of foreign blood, who are ordered to be expelled from Russia for any cause, and who do not receive the recognition of their native or any other government, shall be sent without trial to Siberia and kept there for the remainder of their lives. This act principally effects the Jews, who can seldom claim any particular nationality, even if any government would care to bestir itself on their behalf.

John Morley dined with Mr. Gladstone Tuesday evening, at Hawarden, and spent the night there. He looks much fatigued and careworn as the result of his hard work and unpleasant experience in Ireland. It is understood that he will at once return and complete his investigation into the condition of the districts affected by potato blight.

An offer of German bankers to take 170,000,000 marks of the new three per cent. loan and 65,000,000 of the Prussian loan at 86.40 has been accepted by the government. The issue of the loan will be public. Already heavy sales of and declines in the four per cents are sales of and declines in the four percents and the three-and-a-half per cents have occurred. While the new loan impresses bankers and brokers favorably, its friendly reception by the general public is not certain.

RAILROAD WRECKS.

A Canadian Pacific Train Derailed at Granville Junction—Other Disasters.

BANGOR, Me., Oct. 2.—A report has been received here that a Canadian Pacific train has been wrecked at some place beyond Granville junction. The report says that obstructions were placed on the track and an eastbound train crashed into them.

The engine was thrown from the track and the engineer seriously hurt. No one was killed, but several are reported seriously injured. The men who placed the obstructions on the track are supposed to be discharged employes.

Gravel Train Ran Into.

BANGOR, Me., Oct. 2.—A serious railroad accident happened yesterday afternoon at Great Works, a short distance from this city, which resulted in seven men being injured, one it is thought, fatally. A gravel train, in the caboose of which there were over twenty men, was run into by a freight train and seven of the occupants of the caboose were hurt.

Passenger Trains Collide.

IRON AND STEEL CONGRESS.

The British Delegates Invited to Colorado—Interesting Papers.

NEW YORK, Oct. 2.—Hon. W. R. Carruthers, of Denver, Col., appeared before the British Iron and Steel institute yesterday and on behalf of the governor of Colorado, invited the members to visit Colorado and inspect its mines. Mr. Carruthers also acted in a similar capacity for the mayor of Trinidad, Col., and a number of the Englishmen have signified their intention to accept the invitation.

The first paper read at yesterday's session was "The Development of American Blast Furnaces" by James Gayle, of Bessemer, Pa.

Sir Lowthian Bell then read a paper treating on the effect of more or less carbonic acid in furnaces.

The session then adjourned for the day. The members repaired at once to the foot of West Twenty-second street, where the ladies of the party were met. The entire party then boarded the steamer Sandy Hook and a trip up the Hudson river was made.

BASE BALL DEALS.

President Stern Talks on the Present Situation.

ST. LOUIS, Oct. 2.—President Stern said: "The Players' League has until Monday night next to get together money enough to buy the Cincinnati club for $18,000." He also said: "I will bet $25 they don't get the money. If they had it they would have bought before this.

"I haven't received a scratch of the pen from them since I saw Brunell and Johnson in St. Louis. This is how the deal stands now, upon my word it is. If I don't hear from the Players' League by Monday night, then on Tuesday morning Tom Loftus goes one way, Harry Sterne another and I another after three prominent Brotherhood players. I can get them."

President Von der Ahe thinks that Stern will crush the Brotherhood if he gets those three players, as desertions will certainly follow.

The Boy Operator Not Arrested.

EASTON, Pa., Oct. 2.—The report yesterday of the arrest of Operator Glasser, who is charged with being responsible for the disaster on the Jersey Central road on Monday night above Lehighton, is incorrect. He visited the scene of the wreck yesterday and was about to be arrested when he disappeared and had not since been seen. He is a boy, aged between 16 and 17. When told of the wreck he was attending the Katie Rooney performance in the opera house at Mauch Chunk, and had the orders for the holding of the trains in his pocket.

DEADLOCK AT EATON BROKEN.

M. K. Gantz, the Mayor of Troy, Nominated on the Ninety-Fifth Ballot. Trouble in the Zanesville Schools—Jail Delivery at New Philadelphia—Other News Items.

EATON, O., Oct. 2. The Fourth district congressional convention reassembled at 9 o'clock. A motion by Clendening, of Mercer, to have the candidates come before the convention and speak on the situation was lost by an overwhelming majority.

Mr. Holt, on behalf of the Preble delegation, presented Commissioner Harvey Paddock as their candidate.

The first ballot of the day was the fifty-second of the convention, and resulted as follows: Chance, 59; Marsh, 38; Marshall, 54; Gantz, 44; Godfrey, 31; Paddock, 5[illegible].

The balloting proceeded to the sixty-fourth, when Mercer broke, giving Marsh, 22; Marshall, 31; Chance, 13; Gantz, 3. The result was as follows: Chance, 72, Marsh, 22; Gantz, 46; Godfrey, 24, Paddock, 45.

On the call of the seventieth ballot Chance came forward and withdrew his name in a well-worded and spirited speech. The ballot then resulted as follows: Marsh, 38; Gantz, 44; Marshall, 61; Godfrey, 50; Paddock, 31.

On the seventy-fifth ballot Preble retired, and returning on agreement voted five times solid for Marshall, the highest man, making his total 82.

On the eightieth ballot Preble changed her solid 29 for Godfrey, running his vote up to 87, he receiving the votes of Champaign also. Then on the eighty-fifth Preble gave Gantz her solid 29, making him 73. On the eighty-sixth Champaign gave Jesse Lewis 21 votes, but that is all he received.

The eighty-seventh ballot was then taken, the result falling back to about the old score, Darke sticking to Godfrey, Mercer to Marsh, Miami to Gantz, Shelby to Marshall and Champaign divided. Preble for the third time went solid for Gantz.

A motion was then made to recess to 1:30 p. m., which was carried by common consent.

The convention met at 1:30 p. m. The eighty-seventh ballot was called for but Champaign wanted ten minutes to consult.

Finally business commenced on the eighty-seventh ballot at 2 p. m., which stood: Marsh, 32; Gantz, 78; Marshal, 60; Godfrey, 32; Paddock, 2.

The eighty-eighth ballot was the same.

The eighty-ninth began. Up to the call of Shelby Gantz had on his ballot 80 votes. When this county asked ten minutes' leave to consult. They could not agree upon Gantz and no nomination was made.

Balloting was then continued until the ninety-fourth ballot had been taken without any break. Then Marsh withdrew his name. Mercer county then for the first time broke and gave Gantz 31, a majority.

The nomination of Gantz was then made unanimous and the convention adjourned sine die.

CARLTON, O., Oct. 2.—While operating a cinder crusher here yesterday, Joseph Humphreys was caught in the belting and killed.

THE ADAMS EXPRESS COMPANY.

A Tie-Up Probable on Account of Summary Discharge of Men.

NEW YORK, Oct. 2.—A tie-up on the Adams express is not improbable in this city on account of the discharge of seventy-five employes on Saturday. Some received no notification until they came to get their pay, and none knew of what was coming more than three days before the discharges took effect. The discharged men feel very bitter over their summary expulsion.

The same system of reduction is going into effect wherever the Adams express reaches. Men have been dismissed at Chicago, Cincinnati and elsewhere. Said a discharged employe Tuesday: When we asked why so many of us were discharged we were told that business being dull economy demanded a reduction of expenses.

That excuse is too absurd. In October every express company has all the business it can handle. The men discharged are all old hands who earned good wages. Green hands at small wages are to be given our places. It is not unlikely that out of sympathy for us the men retained may go out and tie up the business.

Organized Burglars at Work.

HARTWELL, O., Oct. 2.—Residences of W. S. French and J. Williams, of Hartwell, were broken into last night by burglars, and a good haul was made at both places, French losing a gold watch and other valuables amounting to $200. Williams lost some wearing apparel. From this and other robberies that have occurred in the last week, it is suspected that an organized gang is at work in and about Hartwell.

BRISTOL, Tenn., Oct. 2.—Capt. W. D. Haynes, president of the Bristol, Elizabethton and North Carolina railroad, attempted suicide in this city yesterday afternoon. Stage Robber Captured.

SAN FRANCISCO, Oct. 2.—The stage from Lompoc was robbed on Wednesday last near Los Alamos, Santa Barbara county, by a masked man, and the express box taken. Four men from Los Alamos started in pursuit. Among the party was John H. Conway, who, after twenty-four hours, overtook the robber and overpowered him. The robber confessed and said his name was Harry West.

After the Only One.

NEW YORK, Oct. 2.—Negotiations have been begun by an English syndicate for the purchase of the lace works, of which A. G. Jennings is president, and which are located in Brooklyn. The price fixed is said to be about $1,000,000. This is the only lace works in the country, and it has been exceedingly successful.

Arrested for Counterfeiters.

Still Cheaper Aluminum.

CINCINNATI, Oct. 2.—A few days ago a Cleveland firm announced that they would sell aluminum for the remarkable low sum of $1 per pound. This created quite a sensation in the metal trade, but yesterday the Schmiedbarenguse Furnace company, of Newport, Ky., goes the Cleveland firm fifteen cents better and reduces this valuable metal from $2.50 to 85 cents per pound to the trade for alloying purposes.

"Don't Care to Eat."

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health, after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

THURSDAY, - - OCTOBER 2.

MR. FORAKER is going to participate in the campaign this fall and will be most busily engaged in the Eighth and Sixteenth districts.

THIS is the great day of the Fair for the people, the day to see the people for there is a vast crowd in attendance. And tomorrow is to be like unto it.

THIS is a great industrial city, but we confess we say this with a tinge of sarcasm when we think that $10,000 could not be raised for so valuable a thing as the Morral Cultivator works. We fear we shall reach a day of regrets.

THE Upper Sandusky Union is conducting a very lively and able campaign for Mr. Hare, the democratic nominee for Congress, but, though the Union is a very able paper, its influence is largely confined to Wyandot county. A great run at home home will not positively make Mr. Hare a Congressman.

IT is a cheerful bit of news that Congress has adjourned. Every man in the land is certainly glad of it. To the credit of the body, or rather to Speaker Reed chiefly, it may be stated that the session has accomplished a great deal, notably the passage of the tariff and silver bills. It has been a highly entertaining session, too, but the charm was worn off by the weariness of the closing days.

THOUGH there have been threatening clouds, Marion is enjoying her usual good fortune in the matter of weather for the Fair. Though so many of our neighbors have tried various dates for their annual jubilees they have been more or less unfortunate as to weather, while Marion has most invariably sailed along with rare good fortune in her dealing with the weather clerks. It is one instance of the deserving being favored.

THE participation of Speaker Reed in the Ohio campaign will please a great many people. Lots of the boys want a look at Tom. A great many folks in Ohio have never seen a real live Czar, and that is what we have been told Reed is. Then he has been through one campaign this year and came out in a blaze of glory. Mr. Reed is an interesting character. It is hoped Mr Foster will have him at Marion to take a hand in the Hare catch, and tell us that "muttonless dog" story.

THERE is one slight criticism that can be mentioned to the very enterprising management of the Agricultural Society rather as a pointer for the future than a bit of fault-finding for the present. It is about music. Some of the bands that toot for the annual fair are wind-jammers of the class that drive people to strong drink. The poor talent is the result of an endeavor to give all the bands a show at the business and the economy in the hire. But it hardly pays. Good music would entertain, while these painful attempts are calculated to send people out the gates. There are certainly some good bands in the county. Next year we should have the best, not the cheapest.

[illegible] OF [illegible]

[illegible] anecdotes.—E. Powenir.

TOOTHACHE LORE.

In some parts of Forfarshire tying a twig over the affected tooth [illegible] is a sovereign remedy.

Ancient tradition [illegible] that toothache was produced by a worm at the root of the tooth.

The hazel, for instance, burnt to ashes in some parts of England was given as a [illegible] toothache.

In the north of England a splinter from a [illegible] which held a body swinging in chains was a remedy for toothache.

Some have passed the [illegible] to brown paper twisted into hazel ashes, the smoke being then inhaled, as a cure for toothache.

There is a belief still current that passing the sufferer, if a young one, through the hole or other opening in an ash tree is a useful remedy.

Among the favored charms against toothache that are carried in the pocket may be mentioned a sprig of rowan tree, a double hazel nut and a bit of coal.

Another charm for the malady is that of hanging a swallow—not a swift nor a house nor sand martin, but a dead swallow—round the neck of the sufferer from toothache.

Among the German peasantry a belief long existed that the wood of the pear tree, or as some think, an imaginary Dryad inhabiting it, possessed a charm against the malady.

One of the cheapest and most easily practiced charms belongs to the south of England, and particularly to Sussex. It consists in putting on the right boot, stocking and trouser before the left one.

A curious idea is that of paring the nails and placing them carefully inside the bark of an oak tree, where, while they remain, the belief is that no toothache will torment the person who has gone through this performance.

According to some authorities the ghastly performance of placing one end of a stick in a new made grave and resting the aching tooth on the other, and then therewith pushing the stick into the earth, was held to be most efficacious.

In some parts of midland and southern England the paws of a mole are placed in a bag and worn around the patient's neck. The collection of the paws must not be together, for if the tooth be on the right side so must the right paw be placed in position, and vice versa.

Some hold that having an aching tooth extracted, which certainly is an efficacious remedy, is not enough. In order to obviate any further recurrence of the complaint the tooth, having been carefully covered with salt, has to be placed in the middle of a clear fire and there left.—London Standard.

A big man [illegible] looked like he might be a [illegible] or anything of that sort, walked down the street a few evenings ago, and stopping under a lamp post looked intently upward. A policeman saw him and stepped over to that side of the walk to see what it meant. The next man who happened along also stopped, and after catching what he thought was the proper range began to look. Another man came up and did the same thing. Pretty soon a young fellow and his girl caught sight of the starers, and they began to see what there was to be seen. Presently some one in the rapidly increasing party spoke up.

"What's all this mean?" he asked the policeman.

"Git along wid yez," responded the official.

Just then the big man turned around.

"My goodness!" he exclaimed, "what on earth is this crowd here for?"

"What are you looking at?" asked one of the bystanders.

Dr. Acker's English Pills

Are active, effective and pure. For sick headache, disordered stomach, loss of appetite, bad complexion and biliousness, they have never been equaled, either in America or abroad. Sold by H. C. Hoberman & Co. and W. B. Foye.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." IF not remedied in season, is liable to become habitual and chronic. Drastic purgatives, by weakening the bowels, confirm, rather than cure, the evil. Ayer's Pills, being mild, effective, and strengthening in their action, are generally recommended by the faculty as the best of aperients.

How often do we see this on the faces of children and, alas, of people who otherwise are healthy? What causes it? Bad Blood. The thought is terrible; the trouble is worse. No ordinary help can remove it. It requires something unusual. Do not take cheap sarsaparillas or blood purifiers. You must have something that has proven its power in both Europe and America. General Wheatcroft Nelson, of London, says: "My experience in the English army, as well as in America, convinces me that *nothing* so thoroughly purifies the blood, or adds to the health, vigor and life, as Dr. Acker's English Blood Elixir."

This grand Elixir is sold by druggists in all parts of America. It is a good, pure, honest medicine. Try it to-day.

—George S. Hall, of Fredericktown, is acting as starter at the races, and receiving much merited praise for his prompt action in distributing fines among the incorrigible jockeys.

—The hack business is the liveliest ever known here. A dozen more hacks were licensed Wednesday than ever before on that day and the licenses today number about 45. It is beyond the expectation of the city authorities.

—Samuel J. Roberts and wife, of Lexington, Ky., were the guests of Mr. and Mrs. M. W. Haines, Wednesday. Mr. Roberts is editor of the Lexington, K'y, Leader, a very bright Republican daily paper, and the call of Mr. Roberts at the STAR office was much enjoyed.

—A Richwood hack broke down Wednesday afternoon, with a load, on Park street, while returning to town. The occupants were considerable shaken up. One young lady was thought to have been seriously injured at first, but it was found that she had escaped with some severe bruises.

—Two 15-year-old boys, named Ramsey and Kelley were arrested at the Fair Grounds Wednesday forenoon, having been caught in the attempt to steal lunch from baskets in wagons on the grounds. They were promptly arrested and locked up at the city prison where they remained until this morning. They were taken before Mayor Dudley, and discharged after receiving a severe reprimand.

—Prospect Monitor: The two boys who were reported as trying to "hold up" Ben Osborn and Will Griffith, mention of which was made in last Wednesday's Monitor, were arrested on Saturday and taken before 'Squire Howison, charged with assault and battery. One of the boys was fined $5.00 and costs, aggregating about $12.00, and the other $5.00 and costs, aggregating about $14.00, and they were both sentenced to the county jail to be confined until the same is paid. Marshal Mohr took them to Marion Saturday evening. With the hope that the boys will do better in the future, we withhold their names.

—A southern Ohio newspaper man writes: The editor sat on a hard-bottom chair trying to think of a thought, and he plunged all his fingers about through his hair, but not one topic they brought. He had written on temperance, tariff and trade, and the prospects of making a crop, and joking about ice cream and weak lemonade, till his readers had told him to stop. And weary of thinking, sleep came to his eyes and he pillowed his head on his desk, when the thoughts which awake had refused to arise, came in troops that were strong and grotesque. And as the ideas airily float, he selects the bright one of the tribe, and this is the gem which while dreaming he wrote: "Now is the time to subscribe."

A PLUMBING EXHIBIT.

The Interesting Show at the Fair Made by Cunningham & Stowe.

One of the attractive exhibits at the Fair is the display made by Cunningham & Stowe, the east Center street plumbers and gas fitters in Mercantile Hall. The advent of waterworks and prospective sewerage in the near future will inevitably lead to the study and practice of better sanitary conditions in every well appointed home. The elegant and varied display of decorated tank closets and lavatories by this enterprising firm serve to illustrate what sanitary plumbing means.

The old time cabinet work surrounding wash stand and pan and plunger closets, bath tubs, etc., served to hide cast-off clothing and death-dealing odors, are superceded with the artistic tank closet and the open lavatory. Plain or decorated bowls attached to beautiful Knoxville and Tennessee marble, with waste, supply and ventilating pipes in finished brass or nickel plated, are shown.

A creditable display of bath tubs—copper, iron and porcelain lined—is made.

The space is presided over by Mr. Stowe, whose fifteen years' experience in practical plumbing and steam heating has made him an expert in all departments of the work. His ingenious combination of pipe fittings and brass goods into something analogous to a crazy quilt in plumbing excites much curiosity and comment.

Tasty displays of gas fixtures, chandeliers, brackets, hall lamps and globes complete an exhibit that would be creditable in a city many times the size of Marion.

Mr. Cunningham in charge of a competent force of workmen has executed in a highly satisfactory manner a large contract for Howland & Ellis, making in all 255 taps to their mains.

Important contracts for plumbing on the improved plans are being placed by them in such residences as Warner's, Huber's and others.

CUT HIS CHUM.

H. Kinnear Gets Drunk and Tries to Carve the Man Who is Taking Care of Him.

H. Kinnear and his partner came up from Richwood Wednesday to attend the Fair and the former became quite drunk in the afternoon and was being cared for by his companion. Kinnear was taken out east Center street about 4 o'clock so that he might sober up, and in his maudlin state quarreled with his chum about some trivial matter. The drunken fellow whipped out a pocket knife and struck at his escort, cutting him across the nose, and one finger. Kinnear was quieted, however, and was taken out in East Marion, where he was afterward found by Marshal Redd and taken to the city prison.

The victim was not hurt much, and would not appear against Kinnear, who only had to answer to the charge of being drunk and disorderly, before Mayor Dudley this morning. He was given a fine and dismissed. Both men are from Richwood.

AFTER OUR JACK.

A Hammond, Ind., Ripper Attempts to Stab Handsome Jack Cramer.

[Hammond, Ind., Republican.]

Last Friday night about 10 o'clock as Jack Cramer, engineer of No. 65, on the Chicago and Erie, was on his way to his room in the Atlantic Hotel he was approached by a stranger on the platform between the depot and hotel as he passed. The stranger drew a knife and struck Cramer a vicious blow with it, aimed directly at his heart, but fortunately the point of the knife came in contact with a time book and some papers in the breast pocket of Cramer's coat, which circumstance no doubt saved Cramer's life.

The knife penetrated the book and cut some papers, but otherwise no damage was done. The would-be assassin said he thought Cramer was another fellow and took to his heels.

Hocking Valley Enterprise.

The track connecting the Columbus, Hocking Valley and Toledo and Lake Shore, three miles east of Toledo has been completed. After Oct. 1 all car load freight will be delivered directly to that line without using the Pennsylvania company's track from Walbridge to Toledo. The junction with the Lake Shore will be known as Rockwell, and an agent will be placed there to handle all interchange of business with the Lake Shore and connections. General Freight Agent Mills has issued a circular to agents, that all car load shipments for points on the Lake Shore the Flint and Pere Marquette, the Wabash, the Toledo, St Louis and Kansas City and the Michigan Central roads, or points beyond reached by any of these lines, including grain for Lake Shore and Wabash elevators, will be billed via Rockwell. Less than car load shipments will be billed via Toledo as heretofore. This new connection will greatly facilitate the handling of freight on the Toledo division of the Columbus, Hocking Valley and Toledo.

Jackamo Parlotto's Victim.

[Delaware Press.]

Martin Fleeman, the farmer shot in the face by the murderous Italian, Jackamo Parlotto, at the C., H. V. and T. depot some time ago, is in the city. Fleeman has been staying at the poor farm in Union county and does not look as though he would ever recover. Last evening when he walked into police headquarters not a soul there knew him. He might just as well have been a stranger. His cheeks are as white as chalk and the skin is drawn tightly over his fleshless jaws. His nerves are shattered and gone and should he recover it will be little short of a miracle. Parlotto will have his trial this term of court.

An Entertaining Trio.

A wonderful hit was made at Music Hall Wednesday evening by Messrs. Ller, Burke and Randall, the excellent trio of acrobats and fun-makers. Nick Ller and Ned Burke are well known personally to Marion people, but no one was prepared for the surprise they gave the large audience at Music Hall Wednesday night. The boys style their specialty the silence in fun act, entitled, "Nobody at Home," and there is no mistake about their being great fun in their performance. They are provided with a pretty little cabin, which serves as their stage "home" and this is mechanically arranged to give rapid ingress and egress, through windows, doors, walls and chimney. From the time the curtain went up until the close of the act there was one deafening round of applause, and it was not because of an indulgenent home audience, either, for the boys earned it. Besides being great acrobats, there is humor in every grotesque movement. The audience went wild over the performance, and were not satisfied until they got the trio before the curtain.

Willie Randall gave his special acrobatic features separately and also won much admiration.

Pulling Against Horses.

There was a very novel exhibition of strength given at the Fair grounds Wednesday afternoon. Mervin Thompson, the pugilist, was the chief actor in the exhibit. With straps that he carries for the purpose Thompson took his place between two horses of ordinary working strength. The hitch was made and the animals started in opposite directions. The stout fellow was equal to his task, however, and pulled one of the horses backwards a considerable distance, a feat at which the interested crowd applauded. A collection followed the performance but it did not appear that Thompson was very liberally remunerated for his heavy pull.

—The Model Comedy Co. gave another excellent performance at Music Hall last night to a crowded house. The company is growing in popularity and is winning favors with each succeeding entertainment. "Chick" pleased immensely last night, bringing down the house with applause. Ller, Burke and Randall, in their specialty act were a feature of the performance, mention of which is made elsewhere.

THE RUSH BEGINS

The County Fair All that Has Been Anticipated.

If there were any doubts about the present exhibition of the County Agricultural Society being a great show and success financially they were certainly removed today when the crowds began to arrive.

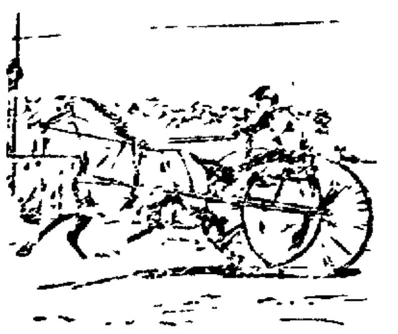
SOME GREAT RACING

Wednesday's Trials of Speed the Best Ever Seen on That Day of the Fair



Had the lovers of the race track known what was in store for them Wednesday afternoon there would have been a much larger attendance and the crowd would have remained too, until the postponement today. There were the greatest Wednesday races the society has ever had, and they were for blood every one of them, not a fixed up job in the entire business. The 2:30 trot was a corker, clear out of sight, as the betting fraternity say, and was really as nice a contest as has been seen on the Marion track.

There were plenty of starters in every race. The 2:40 pace came first with five entries, given in the summary below. There were disappointments over Hank Harvey's horse getting the flag in the first heat, but the mare was not in good order. He's-a-Seed suffered a similar fate in the second heat. The race between Little Jim and Westmeath was close and pretty. Below is the summary.

2:40 PACE—PURSE, $150.

Little Jimmie, ch. g. J. F. Thompson, Mt. Gilead, O	1 1 1
Smugler Boy, b. g. Chas McCandy, Essex, O.	2 3 3
He's a Seed, b. g. E. Humphrey, Tyro, O.	4
Abbie H., ch m. Harvey Bros., Marion, O.	0 0 0
Westmeath, b. g. D. M. Bell, Ashley, O	3 2 2

Time—2:18, 2:41, 2:40.

There were nine entries in the 2:40 trot, and some of the horses attracted much admiration, though some of them were hardly in it. This was the tedious race of the afternoon, so many to start that there was delay in each of the five heats in getting them off. Wild Irishman, Meadow Maid and Nellie Stillman made a close race, the first named appearing a certain winner however, after the third heat. The summary is as follows.

2:40 TROT—PURSE, $150

Nellie Stillman, b. m. B. Patterson, Mansfield.	2 5 8 3 2
Restless Boy, b. s. John Ogden, Richwood	5 7 5 0 0
Bettie Walkes, b. m. E. I. Brown, Marion	6 8 7 5 6

The great race of the day was the 2:30 trot. There were six entries. K. P., by M. W. Spratt, of Richwood, Dawn, by D. M. Bell, of Ashley. Maud Stillson, by Glen Patterson, of Mansfield. Gas, by Watkins Bros. of Prospect. Sigma Noe, by A. I. Tallman, of Kenton and Blanch Morrison, by L. Jones of Ada. The race was called very late, but it was full of life and was a contest for laurels. Maud Stillson was the fastest horse but would not keep her feet, so the race was a contest between Watkins Bros. Gas, and K. P. The race had to be postponed to today after two heats.

Sensational Rumors

Rumors are afloat as we go to press relative to an express robbery near Bellefontaine, but all statements as to particulars lack confirmation. There was a robbery, however, either on the C. S. and C. or Big Four, and the telegraph sends information about one thief being caught. The story reaches us too late for anything like reliable details.

Brush Ridge.

Corn cutting is still the order of the day. The weather has been very favorable for the maturing of the crop owing to the delay of frost, for which the farmers are very thankful.

The potato crop was very good in quality but the quantity will not be likely to overstock the market from present indications. They have began rotting upon the low ground since the heavy rains.

Mrs. Andy Bretz is still upon the sick list but is improving somewhat.

The fall term of school in the Walter's district began last week.

John B[illegible] surprised this community the 27th ult. by coming home with a helpmate from Indiana.

Bailey Hord has been quite sick the past week with neuralgia of stomach.

Andy Bretz took down quite a nice lot of fine stock to show at the Marion Fair.
